

# NTFS Exercise 1

1. There are two groups: disney whose members are pluto, mickey y goofy; hanna whose members are fred y scooby.

IN TABLE

2. Only the group hanna can access the folder barbera to create, write and delete files. Disney group cannot enter into this folder.

IN TABLE

3. The users of disney can create and write files in the folder paris, but they cannot delete them. The users of hanna can only read the files of this folder.

IN TABLE

4. There is a file called flintstones.doc in the folder barbera. The user scooby cannot open this file.

IN TABLE

5. The users mickey and fred are able to copy files in the folder movies. The other users can only read files in this folder.

IN TABLE

6. Do not delete Administrator permissions. They will always have “Full Control” over all the resources.
